**Manufacturing sector and
business community interested
in sustainable supply chains**

The German Chamber of Commerce, in partnership with the Hong Kong Productivity Council (HKPC) and the Chinese Chamber of Commerce (CGCC), aims to strengthen collaboration between German and Chinese businesses in the manufacturing sector. Through expert insights, success stories, and practical guidance, this event will help Chinese manufacturers align with upcoming sustainability regulations and identify actionable steps for compliance.

Event Highlights

- Opening Remarks: Introduction to sustainable practices and upcoming regulations in manufacturing
- Key Insights Presentation: Unveiling a new sustainability brochure for manufacturers to understand European and German standards
- Success Stories: Case studies on sustainable practices by leading companies
- Expert Panel Discussion: Interactive session with sustainability experts on challenges and opportunities in sustainable manufacturing
- Networking Session: Connect with industry leaders and peers for collaborations
