

Dissemination seminar - sustainable practices for fashion and textile industry

Free seminar

3 Jul 2026
15:00 – 18:00

Conference hall, 27/F,
CMA Building,
64-66 Connaught Road,
Central

Cantonese

SMEs in fashion and
textile industry

With funding from the “Trade and Industrial Organisation Support Fund” of the HKSAR Government, and the Hong Kong Productivity Council as the implementation agent, the Institute of International Sustainable Development Limited will present the dissemination seminar of the project.

The seminar will introduce the practical sustainability toolkit developed, offering participants a clear roadmap to implement sustainable practices and solutions. It will also explore the current state of sustainability performance within the industry, highlighting key trends and challenges. Fashion enterprises are also invited to share innovative approaches for managing surplus products, sustainable design and manufacturing, and responsible selection of raw materials. This is a valuable opportunity to learn from real-world experiences, connect with like-minded professionals, and take meaningful steps toward a more sustainable business model.

Register now to secure your place and stay updated with the latest insights!
