RTTP Approved

TechEd

Course Fee: HK$7,800   (May apply up to HK$5,200 subsidy)
*Maximum saving, with the final grant subjects to approval.

It is a hands-on course that provides the knowledge needed to work with Scrum in a **highly practical way**.

The course is a combination of instruction and team-based exercises with actual Sprints.

During the exercises, participants work in Scrum Teams over a series of Sprints to learn Scrum while using Scrum.

Participants can experience first-hand how the Scrum framework improves their ability to deliver value compared to traditional methods.

RTTP Training Grant Application
Companies should submit their RTTP training grant application for their employee(s) via https://rttp.vtc.edu.hk/rttp/login at least two weeks before course commencement. Alternatively, application form could be submitted by email to rttp@vtc.edu.hk along with supporting documents.

Programme code	10013027
Duration and time	2 days 9:00-17:00
Venue	1/F, HKPC Building, 78 Tat Chee Avenue, Kowloon Tong
Language	English
Course fee	HK$7,800 (May apply up to HK$5,200* subsidy)
Who Should Attend?	It is for teams or anyone wanting to experience the Scrum way of working. The course also provides the Scrum knowledge needed for those wishing to continue their development with role-focused (Scrum Master, Product Owner, Developer, Leader) training.

Bring Your Own Device (BYOD): Windows 10 / Mac OS 10.x or above with minimum 2 GB RAM and 20 GB hard disk

Course Description

During this 2-day class on Professional Scrum, participants will experience new and agile ways of working that enable teams to deliver more value, satisfy stakeholders and work better together. Participants can work together as a team in a series of Sprints to build a product and learn how to use Scrum to address problems they face outside the course.

The events, roles, artifacts and principles of Scrum are leveraged during the exercises. By emphasizing the **practical application of Scrum**, the course also exposes common missteps and misunderstandings, allowing participants to develop an awareness of the associated symptoms and how to correct them. Participants will not only learn Scrum, but learn how to use Scrum well.

This course is an approved Reindustrialisation and Technology Training Programme (RTTP), which offers up to 2/3 course fee reimbursement upon successful applications. For details: https://rttp.vtc.edu.hk.

hkpc Academy 生產力學院

Course Objectives

- ✓ Learn Agility and how Scrum differs from traditional plan-driven work models
- ✓ Learn (or re-learn) how to apply Scrum correctly and the fundamentals of Scrum
