Course Description

PSM II is an advanced course which helps participants to understand the stances that characterise an effective Scrum Master and servant-leader. The course dives deep into how Scrum Masters serve the Scrum Team, Product Owner, and the organisation.

Participants will learn about areas critical to growing as a successful Scrum Master such as how the principles and values of Scrum help guide Scrum Masters in the decisions they make and how the Scrum Master can help change the environment of Scrum Teams, creating the conditions for agility to thrive. Participants will also explore related practices and skills which will enable them to have the right types of conversations and how to apply them to become better Scrum Masters.

This course is an approved New Industrialisation and Technology Training Programme" (NITTP), which offers up to 2/3 course fee reimbursement upon successful applications. For details: https://nittp.vtc.edu.hk/.
