29th July 2025
15:00-17:00

LG1 Future Manufacturing
Hall,
HKPC Building,
78 Tat Chee Avenue,
Kowloon

Cantonese

Public interested in
food technology

The "New Productive Forces – Smart Strategy for Enterprises' Upgrade and Transformation" is designed for enterprises to explore how new quality productivity can drive rapid business transformation. Bank of China (Hong Kong) (BOCHK) and Hong Kong Productivity Council (HKPC) will analyze current trends and strategies for industrial upgrading, and share insights on leveraging new quality productivity. The seminar will also showcase successful cases of utilizing government funding and support programs for upgrading in the food technology industry. Additionally, it will highlight bank support products and services tailored for specific industries to help enterprises seize business opportunities and enhance financial flexibility.
