The “SEED” Programme sponsored by the Home and Youth Affairs Bureau and organized by the Hong Kong Productivity Council (HKPC), has been running since 2017. It connects corporates and social enterprises through “one-to-one” matching to tackle real operational challenges. Under HKPC’s facilitation, both parties collaborate on a four-month project to enhance business management capabilities and share experiences.

Social enterprises gain practical business insights, while participating companies benefit from cross-industry knowledge and market information, creating a win-win outcome.

The Closing Ceremony cum Knowledge and Experience Sharing will invite several social enterprises and corporations to share their experiences and achievements as SEED alumni. HKPC will also provide detailed information about the programme.

We invite you to join us in exploring the limitless possibilities of collaboration.
