Thematic Seminar on **(Biotechnology)** Innovation and Translation Project

 26 February 2025
14:00-17:00

 InnoNetwork, 1/F, HKPC Building,
78 Tat Chee Avenue, Kowloon

 Cantonese and Putonghua

Funded by Trade and Industrial Organisation Support Fund, organised by the HK Bio-Med Innotech Association and implemented by the Hong Kong Productivity Council, the “To improve the competitiveness of local bio-med industry by strengthening its connection with global high-end bio-med industry” project lasted for one year and completed many industrial events like “Kick-off Seminar on Biotechnology Innovation and Translation Project”, 10 Hong Kong Biotechnology Training Courses, as well as two study missions. The activities were exceptionally well-received, attracting strong participation and earning widespread acclaim from industry professionals for their value and impact.

The final project event, the “Thematic Seminar on Biotechnology Innovation and Translation Project”, is scheduled on 26 February 2025. The seminar will share a series of project achievements, including feedback from the two biomedical study missions and training courses, and conduct presentations and discussions on the industry's hotspots, to explore the next steps of innovation in the biopharmaceutical industry and its future development direction.

Seminar Topics (Provisional)

- Experience Sharing of Biomedical Training Courses and Study Missions
- Regulatory and Compliance Management for Biopharmaceutical Companies
- How to Enhance the Ecosystem of Innovation and Transformation in Hong Kong's Life Sciences
- Cross-border and International Cooperation in the Biomedical Industry
