

2-Day Immersion Workshop

裝備未來
FutureSkills

AI is transforming the way we learn, create, and work. This immersive workshop is designed for tertiary students who want to develop practical AI skills.

Through hands-on activities using leading AI tools such as Microsoft Copilot, ChatGPT, Google Gemini, NotebookLM, and AI content creation platforms, participants will learn how to enhance productivity, streamline research, create digital content, and build an effective AI-powered workflow.

Programme code	10019071-04
Date and time	14-15 Dec 2026 09:30-12:30
Venue	1/F, HKPC building, 78 Tat Chee Avenue, Kowloon
Medium	English
Course fee	HK\$3,750
Remarks	No need to bring device

Course Objective

Upon completion of the workshop, participants will be able to:

- Understand the fundamentals of Generative AI and its real-world applications
- Apply responsible AI practices, including ethics, copyright awareness, and data privacy considerations
- Enhance research and learning efficiency using AI tools
- Utilise AI to support assignment writing and project development
- Create digital publications and interactive eBooks with AI
- Produce AI-generated visual content and comics
