Course fee : HK\$ 5,670

(Inclusive of 2 textbooks)

Trainers' Profile

Branden is the lead trainer of the programme. He is director of Aerosim (HK) Ltd., a startup company specialised in aviation education and training technologies.

Branden has over 12 years of experience in aviation education and training. His trainees include pilots, aircraft engineers, cabin crew, ground staff, and airport facility engineers. Besides, he has worked as a lecturer of aviation programmes in various institutions, including HKU Space, Hong Kong College of Technology, Vocational Training Council and Hong Kong Aviation Training Centre, etc.

Other trainers of the programmes have completed professional pilots training and obtained multiple pilot's licenses. They were commercial airline pilots of a local airline. In addition, all of them have experience in teaching primary and secondary school students.
