10 Oct 2025 (Fri)
14:00 – 17:00
(Registration starts at:
13:45)

Meeting room 3 – 4, G/F,
InnoCentre, 72 Tat Chee
Avenue, Kowloon and
online broadcast

Cantonese and
Mandarin

All stakeholders in the
Hong Kong Knitwear
Industry

With funding from the “Trade and Industrial Organisation Support Fund” of the HKSAR Government, and HKPC as the implementation agent, Hong Kong Woollen & Synthetic Knitting Manufacturers’ Association (HKWSKMA) has launched a project titled “Empowering the knitwear industry for carbon neutrality: case studies and carbon footprint assessment tool development” to help knitwear enterprises address the challenges arising from global environmental concerns by developing an industry-specific carbon footprint assessment tool and identifying possible areas to reduce carbon emissions through a study. This project includes a study report, a guidebook, a product carbon footprint assessment tool and a series of seminars.

The upcoming seminar will explore practical sustainability strategies across the knitwear supply chain. It will feature esteemed industry representatives as keynote speakers, sharing **insights on carbon reduction and sustainability management**. The session will also include a demonstration of **the Knitwear Industry Product Carbon Footprint Assessment Tool** to strengthen participants’ carbon management capabilities.

Register now to learn more about carbon reduction initiatives and discover new business opportunities!

Agenda

Time	Programme	Speaker
14:00 – 14:10	Welcome Speech	Mr Roger CHAN Chairman HKWSKMA
14:10 – 14:40	Building Zero-Carbon Factories for Enterprises	Ms Yan HUANG Executive Vice President Guangdong Cleaner Production Association
